SUMMARY

EU citizen.

Fascinated by technology and human behavior, passionate about creating since I was a kid. And that's why I became a developer, to make programs that solve people/society problems and interact with them.

EXPERIENCE

IT Risk Consultant

Ernst & Young (EY) 09/2015 - 03/2018

Multinational Enterprise

- Responsible for the development of systems for internal and external use, whether for computer, internet or cell phones (Applications);
- Complete and / or partial involvement in projects for clients of different segments, among them, health plan operators, banks, national agencies and international companies;
- Developing using various architecture and concepts, such as MVC, DDD, TDD, REST API and microservices, also using continuous delivery;
- Also working on the development of RPA tools, using BluePrism and UiPath platforms.

Co-Founder/Developer

Desenvolve.co 12/2013 - 08/2015

Software House

Web Development Startup, focusing on user experience and performance. In which I was a partner of Be! Interactive, that has been operating in the market for more than 20 years, and worked together in most varied projects, including Universia Rio 2014 and world-class sporting events;

- Acting as a fullstack web developer, using agile methodologies;
- Responsible also for configuration of droplets used by the company and clients, including DigitalOcean and AWS;
- Also acting as responsible for sale and management of projects, including the relationship with the client.

Management Advisor

RioJunior 6/2013 - 12/2013

Federation of junior companies of the State of Rio de Janeiro

• Acting in the tactical-operational control, and in the monitoring and analysis of the strategy. As well as in the facilitation of knowledge management.

Quality Consultant

GamaJunior 6/2013 - 12/2013

Junior Consulting Firm

- Responsible for controlling and ensuring the quality of services provided, applying and monitoring the use of quality tools.
